# MOVING IN

## RRC Renovations

As renovations continue we can see the light at the end of the tunnel. The roof is completed, the roof top units are in place, the fixtures are in the new bathrooms, and the windows are installed. As this goes to print the ceiling grid and panels are being installed, painting continues, and the ground is being prepped for the patio. Scheduled for early May is the completion of the floors and installation of finishes.

We do plan **tentatively** to re-open the building on June 2 at 7:30 am. Stay tuned for updates. Please follow the schedule as listed on pages 8-9 of this publication.
