Pond & Park Cleanup is set for Saturday, May 3

Farmington, Minn., April 7, 2025 – Farmington Parks and Recreation and Public Works have teamed up to provide supplies for residents and groups to help clean up the community. The supply hand out will be Saturday, May 3 from 9 am to 10 am in city hall parking lot, 430 Third St.

Join your friends and neighbors for the 24th Annual Pond and Park Cleanup event! Individuals and groups are invited to do some outdoor spring cleaning in the city owned parks and ponds. The city will provide volunteers with supplies and dispose of the trash collected.

Adopt-a-Park Program

Do you live near a city park and already pick up trash on walks around your neighborhood? Time to be acknowledged for your efforts! The City of Farmington is looking for volunteers to make a two-year commitment to assist city staff with maintaining a park. In exchange for service, a sign will be posted in the park to recognize the volunteers or organization. We need the following parks adopted: Distad Park and Greenway, Fair Hills Park, and Troy Hill Park.

Adopt-a-Pond Program

Want to take an active role in keeping our local waterways clean? Adopt a stormwater pond! Our Adopt-A-Pond program encourages city residents, community groups, and businesses to get outside, connect with the environment, and protect our natural resources. At least three times per year, clean up debris, garbage, dirt/sediment, or weeds from the pond. Get your family, friends, neighbors, or co-workers together and make an event out of it!

Coordinate with Parks & Recreation or Water Resources staff if interested and/or unable to cleanup on this date.
